

PHOTOGRAPHY FUN!

What is it?

Synergy Youth Centre is giving young people in the Lane Cove area an opportunity to express themselves through the media of photography.

This free activity is designed to help young people (ages 12-20) develop their creative skills and learn about an often underused medium. There are fun prizes to be won and benefits to be achieved!

What's involved?

We will provide groups of up to 4 people with a disposable camera that they can hold onto for up to 6 days.

On the day we hand out the cameras, we will give out a list of things for each group to photograph.

Using this list as a guide each group must take photos accordingly. The idea is for each group to photograph aspects of their own life.

It is completely up to interpretation, so there is no right or wrong.

With your permission, at least one photo from each group will be put up on display at the Youth Centre.

Synergy Youth Centre is located at 1 Little St Lane Cove.

For more information and to register, please contact

When?

Cameras will be handed out December 5th and must be handed back in by December 11th
